3 AGD Credits Provided for North Americans

All aspects of daily life have been influenced by the COVID-19 pandemic. AND—dentistry has been significantly influenced with potentially long-lasting effects. Patients are more conservative both medically and financially. How does this influence your practice? The following and other topics are included in this presentation:

- Influencing patients toward more conservative, preventive, and longer lasting treatments to retain teeth for a lifetime.
- New preventive concepts, devices, and materials that need to be implemented.
- Comparing the various types of zirconia crowns and which to use.
- The best cements for the new generation of esthetic ceramic crowns.
- Preventive restorative materials are becoming available and are working!
- The best current use uses of implants and when and how to use them.
- Infection control concepts stimulated by COVID that will likely last into the future.
- Other topics of current interest.

***This presentation will show changes in patient attitudes, interests, and desires for oral treatment and how to cope with them on a win-win basis and deliver the treatments.***

***On completion of this presentation participants will be able to:***

- Describe changes in oral treatment concepts, materials, devices and needs influenced by the pandemic.
- List the best new dental materials, devices, and technologies and how to use them.
- Implement the appropriate content of this presentation into your practice.

### **About Dr. Christensen:**

Gordon J. Christensen is Founder and Chief Executive Officer of Practical Clinical Courses (PCC), Chief Executive Officer of Clinicians Report Foundation (CR), and a Practicing Prosthodontist in Provo, Utah.

Gordon and Dr. Rella Christensen are co-founders of the non-profit CLINICIANS REPORT FOUNDATION (previously named CRA). Currently, Dr. Rella Christensen is the Director of the TRAC Research Division of the CR Foundation. Since 1976, they have conducted research in all areas of dentistry and published the findings to the profession in the well-known CRA Newsletter now called CLINICIANS REPORT.

Gordon's degrees include: DDS, University of Southern California; MSD, University of Washington; PhD, University of Denver; and two honorary doctorates.
